DATE: Friday, August 5, 2022

TO: Board of Trustees, Delta Mosquito and Vector Control District (DMVCD)

FROM: Dr. Mustapha Debboun, General Manager

SUBJECT: Regular Meeting of the District's Board of Trustees, Benefit Assessment Public

Hearing

TIME: Wednesday, August 10, 2022 at 4:30 p.m.

PLACE: District Boardroom, 1737 West Houston Avenue, Visalia CA, 93291

**AGENDA:** 

1. ROLL CALL

#### 2. PUBLIC FORUM (LIMITED TO THREE MINUTES PER SPEAKER)

- a) Members of the public may comment on any item not on the Agenda that is within the jurisdiction of the Board of Trustees (Board). Under state law, matters presented during public comment <u>cannot be discussed or acted upon by the Board in this</u> meeting.
- b) For items on the Agenda, the public is invited to make comments during the public comment period.
- c) Any person addressing the Board will be limited to a maximum of three (3) minutes. Public comments will be limited to a total of 15 minutes during the public comment period.
- d) If there are more than five (5) persons wishing to comment, then time will be divided equally between all persons wishing to speak, so that everyone has an opportunity to address the Board.

#### ACTION 3. CONSENT CALENDAR

- a) July Minutes
- b) July Bills (Board Orders #2, #3, #4)
- c) August Payroll (Board Order #5)

#### 4. STAFF REPORT

The General Manager will report on items of District operational interest.

#### ACTION 5. 2022-2023 FISCAL BUDGET AMENDED

The General Manager will present the updated 2022-2023 Fiscal Budget for Board's approval.

# ACTION 6. BOARD OF TRUSTEES AND GENERAL MANAGER AWARD OF APPRECIATION

The General Manager will discuss the parameters of a newly established award of appreciation for Board approval.

#### 7. 100-YEAR ANNIVERSARY CELEBRATION UPDATE

The General Manager will present the updates on the 100-year Anniversary Celebration.

#### ACTION 8. WORK FROM HOME POLICY UPDATE

The General Manager will present an updated Work from Home Policy for Board's approval.

#### 9. BOARD MEMBER COMMENTS

The Board members will have a chance to make any additional comments regarding items within the jurisdiction of the District.

#### 10. FUTURE AGENDA ITEMS

The Board members will have a chance to add future agenda items if they choose to.

#### ACTION 11. ADJOURNMENT

Adjourn meeting of the Board of Trustees to reconvene on Wednesday, September 14, 2022 at 4:30 p.m. in the Delta Mosquito and Vector Control District Boardroom, 1737 W. Houston Ave., Visalia, CA.

**Note:** Items designated for information are appropriate for Board action if the Board wishes to take action

Minutes of the Board of Trustees – Wednesday, July 13, 2022, Start: 4:30 p.m.

#### 1. Roll Call:

Present: Greg Gomez, President; Belen Gomez, Secretary; Linda Guttierrez, Larry

Roberts, and Kevin Caskey.

Absent: Michael Cavanagh, Rosemary Hellwig

Staff: Dr. Mustapha Debboun, General Manager; Mir Bear-Johnson, Assistant

Manager

#### 2. Public Forum:

None

#### 3. Consent Calendar:

Following discussion, it was moved by Kevin Caskey, seconded by Larry Roberts, and unanimously approved to accept the consent calendar as presented.

#### 4. Staff Report:

Dr. Debboun gave an overview of the current field and laboratory operations and announced the new date of the District's 100<sup>th</sup> Anniversary Celebration that will be held on October 8, 2022. In addition, he discussed the current heat wave and the impact it has on increasing the development of mosquitoes, as well as the District's current employee status with COVID-19 and updated COVID-19 protocols.

#### 5. Enterprise Fleet Management (EFM):

Dr. Debboun briefly updated and discussed the status of the vehicles expected from EFM.

#### 6. Disposition of Surplus Vehicle:

Following discussion, it was moved by Larry Roberts, seconded by Belen Gomez and the Board members unanimously approved sending T-25 to auction.

#### 7. Flat Bed Purchase for A1 Super Duty Applications:

Following discussion, it was moved by Kevin Caskey, seconded by Linda Guttierrez and the Board members unanimously approved the purchase of a truck Flat Bed as presented.

#### 8. <u>District Expansion/Relocation</u>

Following discussion, the board opted not to take action on this item at this time, but instead advised the General Manager to continue to consider more options.

#### 9. Future Agenda Items:

Dr. Debboun brought up the possibility of a staff award from the Board of Trustees and General Manager. Following the agreement of the Board, it will be included in the August agenda as an action item.

#### 10. Board Member Comments:

Dr. Debboun presented the board with one of his morale d'esprit tools card. There were no other comments made.

#### 11. Adjournment:

It was moved by Larry Roberts, seconded by Greg Gomez, and the Board unanimously approved to adjourn the meeting of the DMVCD's Board of Trustees at 5:15 p.m.

Dr. Mustapha Debboun, Recording Secretary

# REPORT OF THE MANAGER JULY 2022

#### I. Water and Weather

The temperature remained high throughout the month of July. The Delta Mosquito and Vector Control District (DMVCD) Weather Station reported an average high temperature of 99.2° with an average low of 68.9°F and 0.00 inches of rainfall as of 6/28/2022. The National Oceanic and Atmospheric Administration 1981-2010 seasonal averages for high and low temperatures in June were 93.8°F and 66.7°F respectively, with average rainfall of 0.00 inches.

Water storage at Pine Flat Reservoir decreased to 216,349 acre-feet by the end of July. By July 31, 2022, Pine Flat Reservoir's inflow had decreased to 408 cubic feet per second (CFS) and its release had decreased to 3,773 CFS. The Lake Kaweah Reservoir had less water than the previous month with 34,324 acre-feet on July 31, 2022. Lake Kaweah's inflow decreased, showing 37 CFS and its release was decreased to 389 CFS.

#### II. <u>Narrative</u>

In July, there were two personnel changes to the Rural and Urban operations. Lisa Salgado joined the Urban Team on July 18, 2022. She has been assigned to work in zone 14 which is SW Visalia. Due to a vacancy in Rural operations, Carlos Rodriguez has been reassigned from the Urban Team to the Rural Team to monitor Rural Zone 2 which covers the West part of the District.

Urban staff are currently wrapping up the remainder of the neglected fly-over pool list with 436 out of the 493 potential neglected pools having been inspected.

Wide area larviciding (WAL's) continued in July. Staff completed a total of 21 applications for WAL's and treated a total 1,050 acres of residential properties targeting the Yellow Fever mosquito, *Aedes aegypti*.

On July 26, four staff members (Paul Harlien, Bryan Ferguson, Mark Nakata, and Hector Cardenas) took and passed the California Department of Pesticide Regulation aircraft pilot certificate exam to conduct aerial applications in the District.

Field operations received 146 service requests for July. Service requests consist of a vector control technician inspecting the reported property for any standing water that can breed mosquito larvae. During this time, the technician uses an integrated vector

management strategy to reduce any mosquito-breeding found. In addition, technicians use this opportunity to educate residents on mosquito-breeding prevention, and how to protect themselves from mosquito bites. Field staff completed a total of 4,064 mosquito inspections throughout the District including rural and urban locations. Staff also conducted 889 larval applications. Storm drain operations continued in July. Operations treated 10,072 storm drains in relation to streets, parks, commercial complexes, and parking lots. Storm drains are treated using a 30-day residual product, Altosid WSP, and re-inspection occurs monthly.

The Woodlake aerial application took place on July 5, 2022. The aerial service did have some minor engine trouble in the morning of the application but did manage to complete the application after a short delay. The plane dispensed 120 pounds of Altosid XRG Ultra, covering 12 acres.

Due to the 1999 Chevrolet S10 pickup short bed 2WD vehicle's extreme old age, high milage and need of extensive repair, it was sent to auction on July 20, 2022 on Govdeals.com which is a liquidity service marketplace. It was at auction from July 20, 2022 to July 29, 2022 till 2:00pm. The vehicle was sold to a local public member from Visalia, CA for \$2,750. The Govdeals received payment from the buyer on August 1, 2022. Once the vehicle is picked up by the buyer, funding will be transferred from Govdeals to the District by check within 21-28 days from pick-up date. In addition, on July 28, 2022, the District received four new Chevrolet Colorado trucks from Enterprise Fleet Management.

Routine mosquito surveillance continued throughout July. A total of 42,075 mosquitoes were collected across 1,342 trap nights. The District-wide average of 31.4 mosquitoes per trap night for July was 18.3% higher than the previous 5-year average of 26.5 and 17.0% higher than the 2021 average of 26.8 mosquitoes per trap night. The top 3 mosquito species caught in July were *Culex quinquefasciatus* at 72.1%, followed by *Aedes aegypti* at 20.7% and *Cx. tarsalis* at 4.0%. Compared to July of 2021, the top three mosquito species were *Cx quinquefasciatus* at 72.7%, followed by *Ae. aegypti* at 13.3% and *Cx. tarsalis* at 5.4%

Mosquito-borne disease testing for West Nile virus (WNV), St. Louis Encephalitis virus (SLEV), and Western Equine Encephalitis virus (WEEV) continued in July. The DMVCD tested 844 mosquito samples and 1 bird carcass collected in July, with 221 mosquito samples and one dead bird positive for WNV. In July 2021, 585 mosquito samples were collected with 23 samples positive for WNV. So far in 2022, a total of 225 mosquito samples, out of 2,103 samples tested, have tested positive for WNV. At this time last year, only 46 mosquito samples out of 1,048 mosquito samples collected, had tested positive for WNV.

There were 12 technician and homeowner mosquitofish requests in July to distribute a total of 389 mosquitofish. In July 2021, there were 32 technician and homeowner mosquitofish requests and distributed a total of 688 mosquitofish. A total of 500 mosquitofish fry were produced in July 2022. In July 2021, 1,223 fry were produced. Routine fish hatchery maintenance took place weekly during July 2022.

A total of 44 mosquito larvae samples were brought to the laboratory for processing. Susceptible *Cx. quinquefasciatus*, *Cx. tarsalis*, and *Ae. aegypti* colonies were maintained for insecticide resistance testing.

In July 2022, DMVCD attended 6 outreach events in Visalia and Dinuba, averaging about 10-15 residents who were educated on mosquito prevention. As we continue to have more presence in the District, residents are engaging and learning more about DMVCD and its services. During the events, we have been approached by some residents who either live in Three Rivers, Lindsay or Porterville and are disappointed to learn that their communities do not have a mosquito District serving them.

We have implemented a new design to our public notification via email that is modern and easy to read.

The current version of the 100-year invitation has been formatted to be printed in the next issue of the Good Life Newspaper. See below.

#### V. <u>Time Sheet Summary</u>

Month	Available Work Hrs	Sick Hrs Used		Pct. Of Hrs Avail for Work
July	5,880	20.5	5859.5	99.65

The District has a vacation policy that requires 24-hour notice in order to ensure the operational integrity of the workforce. Sick leave for doctor, dentist and/ or family medical necessity also requires advance notice- in so much as it is possible. Illness is unplanned and therefore unscheduled. Attendance records for the current year are shown in the table.

Week 30 Friday, July 29, 2022

#### **WEEKLY UPDATE**

#### Humans

#### West Nile virus

A total of 2 human cases of West Nile virus (WNV) illness were reported this week from Stanislaus County. In 2022, a total of 7 WNV human cases have been reported from 4 counties. Of the 7 cases, 5 (71%) had neuroinvasive illness. The median age of case patients was 56 years and 4 (57%) of the case patients were male. The dates of symptom onset ranged from May 8 to June 29. In addition to the 7 WNV cases, 2 asymptomatic WNV-positive blood donors have been reported from 2 counties: Fresno (1), and Kern (1). At this time last year, 4 WNV cases had been reported from 4 counties.

#### St. Louis encephalitis virus

A new human case (1) of St. Louis encephalitis virus (SLEV) was reported this week from Tulare County. **This is the first SLEV human case from Tulare County this year.** In 2022, 2 SLEV human cases have been reported from 2 counties: Stanislaus (1), and Tulare (1). At this time last year, 0 SLEV cases had been reported.

#### **Dead Birds**

A total of 13 WNV positive dead birds were reported this week from 7 counties: Butte (1), Los Angeles (3), Sacramento (4), Santa Clara (2), Solano (1), Sutter (1), and Tulare (1). **These are the first positive dead birds from Butte and Tulare counties this year.** In 2022, 49 WNV positive dead birds have been reported from 12 counties. At this time last year, 94 WNV positive dead birds had been reported from 9 counties.

#### **Mosquito Pools**

#### West Nile virus

A total of 222 WNV positive mosquito pools were reported this week from 19 counties: Butte (4), Contra Costa (1), Fresno (27), Kern (6), Los Angeles (14), Madera (3), Orange (3), Placer (5), Riverside (5), Sacramento (2), San Bernardino (4), San Joaquin (8), Santa Clara (1), Shasta (3), Stanislaus (1), Sutter (5), Tulare (123), Yolo (4), and Yuba (3) counties. **This is the first detection of a WNV positive mosquito pool from Contra Costa County this year.** In 2022, 702 WNV positive mosquito pools have been reported from 22 counties. At this time last year, 563 WNV positive mosquito pools had been reported from 20 counties.

#### St. Louis encephalitis virus

A total of 2 SLEV positive mosquito pools were reported this week from Riverside County. In 2022, 9 positive mosquito pools from Imperial (2), Kings (2), Riverside (4), and Tulare (1) counties have been reported. At this time last year, 3 SLEV positive mosquito pools had been reported from 1 county.

#### Sentinel Chickens

No new positives were reported this week. In 2022, 2 WNV positive chickens have been reported from 2 counties. At this time last year, 10 WNV positive chickens had been reported from 3 counties.

Week 30 Friday, July 29, 2022

#### **TEST PROTOCOLS**

#### **Humans:**

Specimens are tested by local laboratories with an IgM or IgG immunofluorescent assay (IFA) and/or an IgM enzyme immunoassay (EIA). Specimens with inconclusive results are forwarded to the California Department of Public Health Viral and Rickettsial Disease Laboratory (VRDL) for further testing with a plaque reduction neutralization test (PRNT).

#### **Dead Birds**

Oral swab samples collected from bird carcasses are tested at the UC Davis Arbovirus Research and Training laboratory (DART) or at a local agency for West Nile virus by RT-qPCR.

#### **Sentinel Chickens:**

Dried blood spot samples from sentinel chickens are tested at the California Department of Public Health Vector-Borne Disease Laboratory for IgG antibodies to West Nile, St. Louis encephalitis, and western equine encephalomyelitis viruses by an EIA. Positive samples are confirmed by IFA, western-blot, or PRNT.

#### **Mosquito Pools:**

Mosquito pools are tested at DART or at a local agency for West Nile, western equine encephalomyelitis, and St. Louis encephalitis viral RNA using a multiplex RT-qPCR. Invasive *Aedes* mosquitoes (*Ae. aegypti* and *Ae. albopictus*) are also tested at DART for chikungunya, dengue, and Zika viral RNA by a separate RT-qPCR.

5. 2022-2023 FISCAL BUDGET AMENDED

#### 2022/2023 BUDGET SUMMARY

The Budget Summary explains in detail the budgeted line items for fiscal year 2022/2023. Action will be taken at the August Board meeting to amend this Budget in accordance with the County Auditor's Final Report.

#### **Wages**

The Consumer Price Index, West Region data report for April reflected a 9.3% increase for Urban Wage Earners and Clerical Workers over the last 12 months (See: Consumer Price Index, Page 10). The Budget has an 8% COLA increase for all full-time employees. (See: Salary Schedule, Page 11). By using the April data of the West Region Report, we will be using the same data as Tulare Mosquito Abatement District and Kings Mosquito Abatement District. The data will be more in line with the area and will keep staff near the top of the compensation schedule in all positions for the region. Vector Control Technician I and Laboratory Technician I will receive different pay rates starting in 2023. Both will still start with \$16.00/hour with Certified Tech I's starting at \$17.60/hour for the remainder of the 2022 season. The Laboratory Tech I's will continue with this pay scale into 2023. However, in 2023, Vector Control Technician I's will start at \$17.00/hour and Certified Vector Control Technician I's will start with \$18.60/hour. Additionally, with staff now having a better handle on the needs of the Aedes inspection crew, we will be creating a new job description in 2023 and a new Tech I category, currently labeled High Trap Count Tech I. They will start at \$18.00/hour and a Certified High Trap Count Technician I's will start with \$19.60/hour.

Staffing: The Vector Control Technician I position will have 10 positions filled. The Laboratory Technician I position will have 6 positions filled. The Vector Control Technician II position will have 3 positions filled, and the Laboratory Technician II position will have 1 position filled. This gives a total of 20 seasonal employees. The Vector Control Technician III/Mechanic position will have 2 positions filled. The Vector Control Technician III will have 1 position filled. The Biologist position will have 4 positions filled. The Community Education and Outreach Coordinator will have 1 position filled. All 8 remaining full-time positions will have one incumbent for a total of 16 full-time employees (See: Chain of Command, Page 12).

Overtime: Overtime will increase three-fold to \$15,000.00 in anticipation of Wide Area Larviciding Systems (WALS) treatments requiring increased application time. As this is the first year with an anticipated WALS program, the number may need to be adjusted.

Budgeted Wages will increase by 12.94%, \$235,405.45; \$2,054,232.67 in 2022/23.

#### **Benefits**

Social Security will increase by 12.41% \$17,270.29; \$156,410.57.

Other Post-Employment Benefits (OPEB) Trust Fund will not have a contribution to the fund in 2022/23.

CalPERS retirement premium will decrease by 2.82%, \$4,075.03; \$140,250.93 (14.54% Classic and 7.59% PEPRA of covered payroll).

CalPERS Unfunded Accrued Liability (UAL) will increase by 16.98%, \$27,165.00; \$187,182.00. Adjusted due to finalized numbers being released.

California Employers' Pension Prefunding Trust (CEPPT) Trust Fund will not have a contribution to the fund budgeted specifically, but extra monies may be contributed to the fund in 2022/23.

*ICMA* will be set at \$15,000.00 to better cover the amount approved by the General Manager's Contract.

Workers Compensation will decrease by 6.21%, \$5,239.00; \$79,144.

*Unemployment* will decrease by 7.83%, \$1,530.00; \$18,000.00.

LTD/STD/DENT/VSP/LTC premiums are collectively budgeted for a 10% increase effective January 2023 through December 2023; District budgeted expenses will increase by 12.65%, \$4,912.46; \$43,747.73.

Health Insurance premiums are budgeted for a 10% increase effective January 2023 through December 2023 at the PERS Choice funding level. This is a best guess. District budgeted expenses will increase by 6.00%, \$15,785.65; \$278,828.33.

Benefits will increase by 18.59%, \$160,813.73; \$1,025,873.57 in 2022/23.

#### Services/Supplies

The services and supplies requiring funding increase/decrease for the 2022/23 fiscal year:

#### Chemicals will not change.

Clothing will not change.

Laboratory Supplies will decrease by 2.53%, \$2,500.00; \$96,500.00 keeping with normal expenditure levels. (See: Laboratory Expenses, Page 14).

Fish Supplies will not change. (See: Fish Supplies, Page 15).

Operational Supplies will increase 20.00%, \$500.00; \$3,000.00 to better reflect actual expenditure levels.

Janitorial Supplies will increase 7.69%, \$250.00; \$3,500.00 keeping with normal expenditure levels.

Maintenance Contract will increase by 99.64%, \$27,700.00; \$55,500.00 due to items being moved from *Building and Yard* that were better categorized as *Maintenance Contract* and anticipated cost of renewed contracts. (See: Maintenance Contract, Page 16).

Building & Yard will decrease by 63.64%, \$35,000.00; \$20,000.00 due to items being moved from Building and Yard to Maintenance Contract to be more correctly categorized.

Auto Supply/Maintenance will increase by 25%, \$5,000.00; \$25,000.00 keeping with normal expenditure levels.

Gasoline will increase by 20.97%, \$13,000.00; \$75,000.00 due to increased fuel prices.

*Utilities* will increase by 24.69%, \$7,900; \$39,900.00 due to better understanding of new fish hatchery energy consumption.

GPS will increase by 35.10%, \$2,780.00; \$10,700.00 due to increased number of vehicles requiring GPS units.

*Telephone and Internet* will increase by 20.65%, \$3,975.00; \$23,225.00 in keeping with normal expenditure levels and necessary mobile phone upgrades.

*Liability* will increase by 20.90%, \$16,279.00; \$94,178.00 as given by VCJPA. This is in part due to a rate increase driven by the insurance market.

Office Supplies will increase by 19.17%, \$4,825.00; \$30,000.00 increasing to help make necessary purchases and including non-capital one-time purchases such as new computers and printers to replace nonfunctional models.

*Travel Expenses* will decrease by 3.48%, \$1,065.00; \$29,536.50 (See: Travel Schedule, Page 17).

Dues will not change.

Safety Supplies will increase by 382.22%, \$17,200.00; \$21,700.00 due to regular purchases and one-time purchases to better protect the safety of staff and the public. (See Safety Supplies, Page 18)

Subscriptions will decrease by 4.91%, \$1,550.00; \$30,000.00 keeping with normal expenditure levels.

Advertisements will increase by 125.00%, \$2,500.00; \$4,500.00 due to change in billing structure of employment sites.

Continuing Education will increase by 43.18%, \$1,900.00; \$6,300.00 for laboratory and operational publications.

*Professional Services* will decrease by 57.95%, \$115,750.00; \$84,000.00 due to removing the onetime payment to SCI to perform the Benefit Assessment.

Public Relations will decrease by 32.50%, \$13,000.00; \$27,000.00 with money being put aside in the Assessment Budget for these actions. (See Assessment Budget, Page 4)

Tax Admin Fee will increase by 1.15%, \$6,450.00; \$70,000.00 keeping with normal expenditure levels.

Miscellaneous will not change.

Name, Logo & 100-Year Celebration will not change.

Assessment Services and Supplies is a new line item, to reflect items paid for by the assessment funds not specifically distributed into the budget.

Total Services and Supplies will increase by 20.08%, \$213,991.50; \$1,279,637.00.

#### **Long Term Debt**

CSDA Financing for Fish Hatchery and Offices (See: Schedule of Lease Payments, Page 19).

#### **Building Improvements**

Security – Increase and change security company, \$85,000.00

Plumbing – Fix the plumbing in the wash bay, \$85,000.000

Re-Cable Facility - Redo wiring for internet and other systems, \$17,000.00

Repair Lab AC/HVAC System – Ensure continued use of BSL-2 and BSL-3, including purchase of two new variable frequency drives, \$21,000.00

#### **Capital** (See: Capital Purchases Page 20)

Shop Equipment -	\$8,500.00
Office Equipment -	\$6,000.00
Laboratory Equipment -	\$18,500.00
Vehicles -	\$24,340.00
Assessment: Laboratory Equipment -	\$33,500.00
Assessment: Vehicles -	\$22,000.00
Assessment: Operations Equipment -	\$25,000.00

#### **Total Budget**

The 2022/23 Budget will increase by 21.53% of the 2021/2022 \$4,361,988.83 budget, for a total of **\$4,833,309.23**. Revenue is projected to be \$4,285,280.28, which includes Assessment amount of \$1,025,528.00

The Unallocated General Reserve has been set at \$3,864,316.40 (80.00% of the Operational Budget). Board Resolution 14-03 stipulates an Unallocated Reserve will have no less than 80% and no more than 100% of the operating budget.

Assessment Reserve is \$0.00

The Capital Reserve has been set at \$75,000.

The Appropriation for Contingency Reserve has been set at \$50,000.

**APPRECIATION** 

7. 100 YEAR ANNIVERSARY CELEBRATION UPDATE

# Delta Mosquito and Vector Control District's

# **100th Anniversary** Celebration

With special guests, food, music, and giveaways

For more details, visit DeltaMVCD.org

Join us on Saturday, October 8, 2022 for an Open House in celebration of the District's 100th Anniversary. All are welcome to attend this monumental milestone to explore the Delta Mosquito and Vector Control District headquarters, laboratory. fish hatchery, equipment, and enjoy food, music, and giveaways.

Delta Mosquito Abatement District (Delta MAD) was formed with 16 sq. miles

Delta MAD annexed 712 sq. miles and grew from one employee to 14 employees.

An airplane was purchased for aeiral mosquito treatment.

District's name was changed to Delta Vector Control District

District bought its first aerial reconnaisance flights surveying for neglected swimming pools.

West Nile virus was found in the Central Valley of California.

District logo was updated.

Invasive Yellow Fever mosquito. Aedes aegypti was detected in

Construction began of the

Construction and completion of the new cutting edge fish hatchery facility

DMVCD celebrates 100-Year Anniversary of Protecting Public Health since 1922 and began collaborating with Oxitec.

DMVCD/oxitec\*

District's name and logo were changed to "Delta Mosquito and Vector Control District" (DMVCD)

#### **Delta Mosquito and Vector Control District**

# ---- MANUAL of POLICIES ----

POLICY TITLE
Work from Home

POLICY NUMBER 2132

- This policy is designed to be used to ensure that on the occasions where working from home is necessary, it will be beneficial to our employees and District.
- The District can only allow work from home for those employees whose job duties permit it, due to a substantial portion of their jobs being carried out on a computer. This may include, but is not limited to: General Manager, Assistant Manager, Administrative Assistant, Community Education and Outreach Coordinator, Operations Program Manager, Scientific Program Manager, and Biologist positions. Final decision regarding the ability to work from home will be at the discretion of the General Manager or his representative.
- 2132.3 Working from home is only to be considered, when necessary, due to circumstances that may include but are not limited to: Emergencies, Quarantine, or Medical reasons. Other reasons for working from home depend on employees and The General Managers' judgment.
- Not all work can be done safely at home, due to cyber security and data privacy concerns. Additionally, employees may not have the necessary equipment or software installed or available at home. Where possible, duplicates of software will be installed on company laptops to increase the availability of work from home options. Staff should make sure to use the VPN provided on the assigned District laptops to increase security. Regardless, only work that can safely be completed at home should be done during the duration of the work from home period. Additionally, work from home should only be done in extreme cases when it cannot be avoided.
- Employees must receive the General Manager's permission to work from home. Employees must discuss details, set specific goals, schedules and deadlines for any period of work from home. Failure to meet goals or deadlines may cause employee status to transition from working at home to vacation or sick leave, depending on circumstances.

Edited 7/26/2022.
