Delta Mosquito and Vector Control District Special and Regular Board Meeting Agenda

Date: Wednesday, October 14th, 2026
Special Meeting Training Session Begins: 2:15 PM
Regular Board Business Begins: 4:30 PM
Location: 1737 West Houston Ave, Visalia, CA, 93291
[Remote Meeting Link](#)

1. SB 827 Fiscal & Financial Training Webinar

INFORMATION

Beginning at 2:15 p.m., Board members may view the two-hour on-demand webinar, "SB 827 Fiscal & Financial Training." The training covers municipal budgeting, financial reporting, capital financing, debt management, and ethical stewardship of public resources.

Trustee attendance is optional, and not all trustees are expected to attend. No District business will be discussed or acted upon during the webinar. Regular agenda business will begin at 4:30 p.m.

2. Roll Call — Regular Board Business Begins at 4:30 PM

3. Public Forum

- Members of the public may comment on any item not on the agenda that is within the jurisdiction of the Board of Trustees (Board). Under state law, matters presented during public comment cannot be discussed or acted upon by the Board in this meeting.
- For items on the agenda, the public is invited to make comments during the public comment period.
- Any person addressing the Board will be limited to a maximum of three (3) minutes. Public comments will be limited to a total of 15 minutes during the public comment period.
- If there are more than five (5) people wishing to comment, then time will be divided equally between all people wishing to speak, so that everyone has an opportunity to address the Board.
- Public comments may be submitted via email to publiccomments@deltamvcd.gov

4. Consent Calendar

ACTION

- September Minutes
- Checks for Ratification
- Financial Reports
- Treasurer's Report
- Manager's Report
- Quarterly Investment Report

5. Temporary Modified Appointment for Operations Program Manager **ACTION**

The Board will receive information and consider ratification of a temporary three-quarter schedule for the Operations Program Manager from October 1, 2026, through March 31, 2027.

6. Ratification of Temporary Clerical Support/Budget Adjustment **ACTION**

The Board will consider ratification of the use of a temporary staffing agency for clerical and administrative support during an employee leave. The Board will consider a corresponding increase to Budget Category 619.8: Accounting/Auditor in the amount of \$25,000 to account for this additional expense.

7. Mosquito Surveillance and Response System Presentation **INFORMATION**

Staff will present an overview of the District's mosquito surveillance and response system.

8. 2027 Health Insurance Transition Update **INFORMATION**

The Board will receive an update regarding the District's transition to 2027 employee health insurance coverage.

9. 2027 CDPH Cooperative Agreement **ACTION**

The Board will consider approval of the 2027 California Department of Public Health Cooperative Agreement.

10. Rescheduling of November 2026 and February 2027 Regular Board Meetings **ACTION**

The Board will consider rescheduling the November 2026 regular meeting due to the Veterans Day holiday and the February 2027 regular meeting due to a Manager scheduling conflict.

11. Approval of Trustee Attendance at Annual Meeting **ACTION**

The Board will consider approving trustee attendance at the Annual Meeting in Universal City, California, including related reimbursable expenses, consistent with District policy requiring Board approval for trustee expenses exceeding \$100.

12. Board of Trustees Member Comments

The Board of Trustees members will have a chance to make any additional comments regarding items within the jurisdiction of the District.

13. Future Agenda Items

The Board of Trustees members will have a chance to add to future agenda items if they choose to.

14. Adjournment — ACTION

Adjourn Meeting of the Board of Trustees to reconvene on the date established by the Board under Item 10 in the Delta Mosquito and Vector Control District Boardroom, 1737 W. Houston Ave., Visalia, CA.

Note: Items designated for information are appropriate for Board action if the Board wishes to act.

Board Meeting Materials: *Supplemental Board reference materials may not be posted online but are available for public inspection at the District office. Alternative formats are available upon request at (559) 732-8606.*

ADA Compliance: *In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Delta Mosquito and Vector Control District at (559) 732-8606. Notification at least 48 hours prior to the meeting will enable the District to make reasonable arrangements to ensure accessibility. (Government Code §54954.2(a)).*

Remote Participation Disclaimer: *This meeting may be accessed remotely through the link provided. The District does not guarantee uninterrupted or error-free remote access, and technical difficulties may occur. In the event of such issues, the Board meeting will continue as scheduled at the noticed physical location.*

Regular Board Meeting Minutes

Date: Wednesday, September 9th, 2026, at 4:30 PM

Location: 1737 West Houston Ave, Visalia, CA, 93291

1. Roll Call

Present: Greg Gomez, President; Larry Roberts; Kevin Caskey; Mike Burchett; Rosemary Hellwig; and Lori Berger (arrived at 4:32 p.m.).

Absent: Linda Guttierrez, Secretary.

Staff: Conlin Reis, General Manager; Benjamin Sperry, OPM; Andrea Troupin, SPM, Valeria Ortega, AFC

2. Public Forum

No members of the public were present.

3. Consent Calendar

ACTION

The Board reviewed the August minutes, checks for ratification and approval, financial reports, Treasurer's Report, and Manager's Report. Following discussion, the consent calendar was approved as presented.

Motion: Trustee Berger Second: Trustee Caskey Vote: Approved unanimously

4. Closed Session: Conference with Legal Counsel—Existing Litigation

The Board convened in closed session regarding McGill v. Delta Mosquito and Vector Control District, Workers' Compensation Appeals Board Case No. ADJ21798792. Upon returning to open session, the Board reported that no reportable action was taken.

5. Policy Updates —

a. Policy No. 1063, Board of Trustees Code of Ethics — Second Reading

The Board completed the second reading of revisions regarding Trustee conduct, attendance, preparedness, and professional disagreement with Board decisions.

b. New Policy, Source Management and Abatement Policy — Second Reading

The Board completed the second reading of the new policy establishing the District's framework for source management, voluntary management plans, cooperative mitigation, and formal abatement.

The two policy items were considered together and approved.

Motion: Trustee Burchett Second: Trustee Roberts Vote: Approved unanimously

6. Revision of Job Classifications and Operations Chain of Command — ACTION

The Board approved the revised Foreman/Safety Officer job description and related chain-of-command changes with an increased focus on safety and inventory management. The position was placed directly under the General Manager. The Vector Control Operations Analyst classification was deferred for separate consideration.

Motion: Trustee Roberts Second: Trustee Berger Vote: Approved unanimously

7. End-of-Season Staff Luncheon — ACTION

The Board authorized the General Manager to proceed with a reasonable end-of-season staff luncheon recognizing District staff and seasonal employees.

Motion: Trustee Burchett Second: Trustee Hellwig Vote: Approved unanimously

8. Cybersecurity Grant

The General Manager reported that the District had been approved for the cybersecurity grant and was awaiting an informational meeting before beginning grant-funded expenditures. No action was taken.

9. Board of Trustees Member Comments

None.

10. Future Agenda Items

The Board requested a brief 7–10 minute overview of the District's vector index and surveillance graphics, discussed completion of required financial literacy training, and requested an end-of-season operations wrap-up for November.

11. Adjournment — ACTION

Board President Greg Gomez adjourned the meeting at 5:48 p.m. The next regular meeting is scheduled for October 14, 2026, at 4:30 p.m. in the Delta Mosquito and Vector Control District Boardroom, 1737 W. Houston Ave., Visalia, CA.

MINUTES APPROVAL AND ATTESTATION

I, Linda Guttierrez, Secretary of the Board of Trustees of the Delta Mosquito and Vector Control District, hereby attest that the foregoing minutes are a true and correct record of the proceedings of the regular meeting of the Board held on September 9, 2026, as approved by the Board of Trustees.

Linda Guttierrez, Secretary of the Board

Date

Approved by the Board of Trustees on October 14th, 2026.

INVESTMENT REPORT: QUARTER ENDING 09/30/2026

All cash and investments of the Delta Mosquito and Vector Control District are maintained in conformance with the District's Investment Policy and other applicable District policies.

A review of District finances indicates that sufficient funds are available to meet anticipated expenditures over the next six months. Using one-half of the revised Fiscal Year 2026–2027 expenditure budget of \$5,549,373.32, estimated six-month expenditures are \$2,774,686.66.

As of September 30, 2026, operating cash and investments total \$6,254,909.98, consisting of \$6,003,511.15 invested with California CLASS and \$251,398.83 in the Tri Counties Bank revolving account. This provides \$3,480,223.32 in operating funds above the estimated six-month expenditure requirement. Funds are maintained primarily with California CLASS, and transfers are made to the Tri Counties Bank revolving account as necessary to support regular District expenditures.

The District also maintains \$875,580.22 in the California Employers' Retiree Benefit Trust (CERBT) and \$62,113.50 in the California Employers' Pension Prefunding Trust (CEPPT), totaling \$937,693.72 as of September 30, 2026. These trusts are designated for retiree healthcare and pension obligations, respectively, and are excluded from the operating liquidity assessment.

Total reported operating funds and designated trust investments are \$7,192,603.70. Supporting account statements are retained with the District's financial records; a CalPERS trust balance summary is included on the following page.

REPORT OF THE MANAGER SEPTEMBER 2026

I. Water and Weather

In September 2026, the Delta Mosquito and Vector Control District (DMVCD) Weather Station reported an average high temperature of 92.2°F with an average low of 60.9°F and 0.00 inches of rainfall. The National Oceanic and Atmospheric Administration 1991-2020 seasonal averages for high and low temperatures in September were 88.3°F and 60.1°F respectively, with average rainfall of 0.07 inches. Water storage at Pine Flat Reservoir decreased to 158,128 acre-feet as of September 30, 2026. Pine Flat Reservoir's water inflow rate is 685 cubic feet per second (CFS) while its release is 355.4 CFS. The Lake Kaweah Reservoir storage decreased to 20,260 acre-feet. Lake Kaweah's water inflow rate is 50 CFS and its release is 69.2 CFS as of September 30, 2026.

II. Narrative

Administrative (Conlin Reis, General Manager)

For September, administration has been focused on automating more of the day-to-day financial and time management features. This has involved development of custom apps to track leave and prepare payroll. Much of this is helping to streamline payroll and help better track leave throughout the year. Administration has also focused on offboarding the current seasonals and preparing for offseason work.

Staffing

Our first round of seasonals were let go on Oct 9th. While the season is still active, the tradeoff to keeping the techs for longer would be a later spring start in the next season. With spring being a more critical period for interventions, the current schedule is necessary. Operations will be augmented with support from the surveillance technicians which remain with the District through the end of the first week of November.

Operations (Benjamin Sperry, Operations Program Manager)

Operations closed the 2026 season holding mosquito abundance below the five-year pattern through the end of September, a result achieved against a hot season. Heat accumulation ran above the five-year average for nearly the entire season, far ahead in spring and early summer and still above average as the season closed. Abundance rose from mid-season as expected,

and district-wide counts in the closing weeks ran near half the five-year average, which substantially blunted the late-season spike that has driven past seasons.

Dairies drove the late-season pressure. Crews observed that dairies did not respond well to residual treatments late in the season, and the less-frequent residual visit schedule, which is more cost-effective, did not hold control. Operations adapted by moving to weekly, and often twice-weekly, visits, combining oil and a bacterial larvicide (BTI) at each treatment to maintain control. The cause remains under investigation, and the District will look for ways to reduce effort while preserving control. Dairy cooperation on vegetation management and pit cleaning stayed strong.

The District worked corn hard this year, staying on every production site, which lowered the adult counts that normally follow harvest. Crews also identified a new source category: miles of underground irrigation infrastructure that holds standing water when the water is off, including lines running under roads and long stretches beneath Dinuba and Visalia. Screening the vents on these lines and inspecting and treating where there is access has begun, and the effort will expand as understanding of these lines grows.

The residential team revisited pools as maintenance lapsed when children returned to school. Many pools that had been clean were producing again, and crews treated them. Pool control was a major contributor to the level of control achieved this season. Public service-request volume ran about 13 percent ahead of the same point in 2025, at 867 requests compared with 767, a sign that residents stayed engaged with the program through the season.

The season is winding down. Seasonal staff were released on October 9, leaving a few extended seasonal staff and the specialists to continue control work and prepare for the close of the season. Operations will keep inspecting, and will treat where needed, through the off season to delay and suppress next season's numbers.

Weekly Trap Counts — 2026 Season to Date

Red line: 2026 weekly average across all traps, all species, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same weeks.

Gray band: typical year-to-year range (± 1 standard deviation). Roughly two-thirds of past seasons fell within this band.

Blue stars: first WNV detection in each baseline year. Red star: first WNV detection in 2026 (week 25). Axis extended to week 44 to show the full season; 2026 data runs through week 39. Orange band: projected 2026 range for weeks 40–44, scaling each baseline year's observed late-season pattern to 2026's cumulative position through week 39.

Weekly Trap Counts — *Ae. aegypti* — 2026 Season to Date

Red line: 2026 weekly average for *Ae. aegypti*, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same species and weeks.

Gray band: typical year-to-year range (± 1 standard deviation). Roughly two-thirds of past seasons fell within this band.

Weekly Trap Counts — *Cx. stigmatosoma* — 2026 Season to Date

Red line: 2026 weekly average for *Cx. stigmatosoma*, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same species and weeks. Gray band: typical year-to-year range (± 1 standard deviation). Roughly two-thirds of past seasons fell within this band.

Weekly Trap Counts — *Cx. tarsalis* — 2026 Season to Date

Red line: 2026 weekly average for *Cx. tarsalis*, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same species and weeks. Gray band: typical year-to-year range (± 1 standard deviation). Roughly two-thirds of past seasons fell within this band.

Weekly Trap Counts — *Cx. quinquefasciatus* — 2026 Season to Date

Red line: 2026 weekly average for *Cx. quinquefasciatus*, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same species and weeks. Gray band: typical year-to-year range (± 1 standard deviation). Roughly two-thirds of past seasons fell within this band.

Weekly Larvicide Acres — 2026 vs. 5-Year Baseline

Boxes: 5-year range (2021–2025) of weekly larvicide acres. Red diamonds: 2026. Includes chemical larvicides and fish stocking; excludes ULV adulticides.

WNV Positive Pools by Week — 2026 vs 5-Year Average

Red line: 2026 weekly wnv positive pools, weeks 11–39. Dashed line: 5-year average (2021–2025) for the same weeks. Gray band: typical year-to-year range (±1 standard deviation). Orange band: projected 2026 range for weeks 40–44, scaling each baseline year's observed late-season pattern to 2026's cumulative positives through week 39.

Citizen Service Requests by Month — 2025 vs 2026

YTD Jan–Sep: 2026 = 867 vs 2025 = 767 (+13.0%). 2026 Oct–Dec are not yet complete. Records before 2025 are excluded — the current system was adopted in 2025.

Unmaintained Pool Program — 2026 Cumulative

Cumulative through each month end. Pools treated: distinct pool sites receiving a larvicide application (FieldSeeker GIS). Pool self-reports: Self-Report Clean/Empty records at pool sites (FieldSeeker). Drone warrants: pool-warrant cases with a drone inspection; entry warrants: cases with a property entry by warrant (District pool-warrant tracker).

Cumulative Degree Days — 2026 vs 5-Year Average

Degree days at base 10 °C, average method, biofix January 1. Weather: gridMET (PRISM-based, 4 km) at the Visalia point 36.3307 N, 119.3085 W. Gray band: ±1 SD of the 2021-2025 seasons. 2026 data runs through October 4.

Days required to accumulate the species' egg-to-adult degree-day requirement (106 °C-d, base 10 °C), evaluated from each day's date using that season's gridMET temperatures. Gray band: ± 1 SD of the 2021–2025 seasons.

Days required to accumulate the species' egg-to-adult degree-day requirement (137 °C-d, base 10 °C), evaluated from each day's date using that season's gridMET temperatures. Gray band: ± 1 SD of the 2021–2025 seasons.

Shop/Facilities (Bryan Ferguson, Foreman/Safety Officer)

For the month of September we had 3 minor equipment breakdowns and 1 major equipment failure which were all repaired in-house.

We had our quarterly safety meeting and discussed previous and current issues as well as accomplishments. One of the issues that we are addressing is implementing a safety protocol dealing with biting insects, particularly wasps, hornets and bees.

Vehicle services continue to flow in with no major incidents or breakdowns to report.

Outreach (Erick Arriaga, Community Education and Outreach Coordinator)

In September, Outreach attended three events: a panel discussion with the AP Environmental Science class at Dinuba High School, a STEAM event at Sycamore Valley Academy in west Visalia, and Dinuba's annual Raisin Day Festival.

Outreach also worked with Residential Operations to create a pamphlet for a neighborhood-wide yard drain control effort. Staff visited approximately 40 homes as part of the project.

September was the final month for the District's public park signage program. Signs were rotated through 17 parks throughout the District where mosquito trap counts and disease activity were highest.

Laboratory (Andrea Troupin, Scientific Program Manager)

Regular route trapping continues throughout the District in Visalia, Woodlake, Farmersville, Oroquieta, Cutler, Seville, Ivanhoe, Sequoia Fields, Yettem, Lemon Cove, Peral, Sequoia Fields, South Kings River, Dinuba, Exeter, Traver, and Goshen.

A total of 37,357 mosquitoes were collected across 1,857 trap nights in September 2026. The District-wide average of 20.1 mosquitoes per trap night for September 2026 was 42.3% lower than the previous 5-year average of 34.9 and 37.9% lower than the September 2025 average of 32.4 mosquitoes per trap night. The top 4 mosquito species caught in September 2026 were *Culex quinquefasciatus* at 50.1%, *Aedes aegypti* at 39.3%, *Culex stigmatosoma* at 5.4%, and *Culex tarsalis* at 4.4%. The top 4 mosquito species caught in September 2025 *Culex quinquefasciatus* at 59.3%, *Aedes aegypti* at 33.1%, *Culex stigmatosoma* at 4.6%, and *Culex tarsalis* at 2.6%.

For September 2026, a total of 538 mosquito samples were tested, with 19 West Nile virus (WNV) positive samples, 6 St. Louis encephalitis virus (SLEV) samples, and 0 samples testing positive for both pathogens. As of the end of September, 4,992 mosquito samples have been tested. No dead birds were collected and tested during September 2026.

There were 50 technician and 4 homeowner requests for mosquitofish in September 2026 to distribute 742 fish. In September 2025, there were 52 technician and 9 homeowner requests for mosquitofish to distribute 1,896 fish. Approximately, 2,930 mosquitofish fry were produced in September 2026. In September 2025, there were 3,266 mosquitofish fry produced.

Vector and Disease Surveillance

Delta MVCD Summaries:

Humans: For 2026, there are 5 human WNV cases (3 in the District) and 0 dengue travel cases in Tulare County. There was 1 asymptomatic case reported in Tulare County (not in the District).

Birds: 0 positive dead birds were reported to DMVCD in September 2026.

Mosquitoes: 538 samples were collected and tested in September 2026. For the year, there are 221 WNV positives, 7 SLEV positives, and 0 samples that are positive for both WNV and SLEV out of 4,992 samples tested.

State Surveillance:

Humans: As of October 2, 2026, 252 human cases of WNV from 23 counties and 0 cases of SLEV from 0 counties have been reported.

Birds: As of October 2, 2026, 702 dead birds from 25 counties tested positive from 2026.

Mosquitoes: As of October 2, 2026, 3,839 mosquito samples from 29 counties have tested positive for WNV. Also, 10 samples from 3 counties have tested positive for SLEV for 2026.

COOPERATIVE AGREEMENT

(PURSUANT TO SECTION 116180, HEALTH AND SAFETY CODE)

Date _____

This Agreement between the California Department of Public Health and

(name and address of local vector control agency)

is effective on January 1, 2027 or on the subsequent date shown above, and expires December 31, 2027. It is subject to renewal by mutual consent thereafter.

Operator ID and/or license number to be listed on Monthly Summary Pesticide Use Reports (PR-ENF-060) for 2027:

Operator ID # _____ License # _____

This agreement may be canceled for cause by either party by giving 30 days advance notice in writing, setting forth the reasons for the termination.

Part I. Pesticides

The vector control agency named herein agrees:

1. To calibrate all application equipment using acceptable techniques before using, and to maintain calibration records for review by the County Agricultural Commissioner.
2. To seek the assistance of the County Agricultural Commissioner in the interpretation of pesticide labeling.
3. To maintain for at least two years for review by the County Agricultural Commissioner a record of each pesticide application showing the target vector, the specific location treated, the size of the source, the formulations and amount of pesticide used, the method and equipment used, the type of habitat treated, the date of the application, and the name of the applicator(s).
4. To submit to the County Agricultural Commissioner each month a Pesticide Use Report, on Department of Pesticide Regulation form PR-ENF-060. The report shall include the manufacturer and product name, the EPA registration number from the label, the amount of each pesticide used, the number of applications of each pesticide, and the total number of applications, per county, per month.
5. To report to the County Agricultural Commissioner and the California Department of Public Health, in a manner specified, any conspicuous or suspected adverse effects upon humans, domestic animals and other non-target organisms, or property from pesticide applications.
6. To require appropriate certification of its employees by the California Department of Public Health in order to verify their competence in using pesticides to control pest and vector organisms, and to maintain continuing education unit information for those employees participating in continuing education.
7. To be inspected by the County Agricultural Commissioner on a regular basis to ensure that local agency activities are in compliance with state laws and regulations relating to pesticide use.

Part II. Environmental Modification

The vector control agency named herein agrees:

To comply with requirements, as specified, of any general permit issued to the California Department of Public Health as the lead agency, pertaining to physical environmental modification to achieve pest and vector prevention.
